AFFIDAVIT OF HEIRSHIP

State of Commonwealth of the Northern Mariana Islands)
Municipality of Saipan) ss:

I, James Alexander Wasil, being duly sworn, depose and state the following:

1. **Personal Background**
   I am the biological son of Deborah Wasil and the late Alexander Wasil. I am the half-brother of Wendy Wasil and the full brother of Charles Wasil. My father, Alexander Wasil, passed away on June 12, 2021, in Tallmadge, Ohio.

2. **Family and Estate History**
   In the 1960s, my father had two children, Todd and Wendy Wasil, with Becky Wasil. Todd was later found to be an illegitimate son biologically unrelated to my father. Wendy is my half-sister. Later, my father had two children, Charles and me (James Alexander Wasil), with Deborah Wasil, who was married to him and took the name Deborah Wasil.

3. **Stroke and Incapacity**
   I suffered a ministroke in early June 2021, just days before my father's death. I later suffered a severe stroke in late November 2021, resulting in coma, loss of speech, and physical impairment. During this time, I was incapacitated and unable to protect my rights or participate in matters related to my father's estate.

4. **Exclusion from Will and Obituary**
   I was intentionally and unlawfully excluded from my father's last will and testament. Furthermore, the official obituary published on Legacy.com failed to acknowledge my existence, listing only my half-sister Wendy Wasil and my brothers Todd (later found to be illegitimate), Charles Wasil, and James Wasil of Arizona — the latter being a reference intended to misrepresent my identity and whereabouts to effectively exclude me.

5. **Property Seizure and Exclusion from Assets**
   Following my father's death, Wendy Wasil and my full brother Charles conspired to seize control of my father's real estate properties located at 228 and 232 East Tallmadge Avenue, Akron, Ohio, and other assets. They established a company named "Wasil LLC" to assume control of my father's name and issued legal notices to forcibly remove me and a longtime caretaker, Jim Williams, from the properties without my knowledge or consent.

6. **Family and Estate Mismanagement**
   Wendy Wasil's longstanding manipulation extended to exploiting friendships within the community to gain control over other estates. In particular, I observed the involvement of individuals such as Nola Marie Masi Ruble and her husband Ray Ruble, who appeared motivated by monetary benefit and may have contributed to financial obfuscation and funneling related to the estate. Nola Marie Masi Ruble has a direct link to my brother Charles Wasil and was the beneficiary organizer for a GoFundMe page established for my father's funeral, which funneled all proceeds directly to Charles while excluding me entirely.

7. **Harassment, Obstruction, and Personal Harm**
   Following my attempts to assert my rights and seek documentation, I was met with obstruction, intimidation, and efforts to discredit me. I was isolated from relevant records, blocked from communication, and deprived of meaningful notice or participation in the

estate administration. As a result, I suffered severe financial hardship, emotional distress, and loss of opportunity to assert my rightful claims. Additionally, my brother Charles engaged in defamation campaigns, falsely associating me with criminal activity and using a similar-named individual's arrest records to further damage my reputation.

8. **Witness**
   Adrienne Aidala, a close family acquaintance who has known me well over many years, can provide a sworn affidavit attesting to my identity as Alexander Wasil's biological son and my rightful status as heir.

9. **Conclusion**
   Based on the foregoing facts, it is evident that Wendy Wasil and Charles Wasil intentionally excluded me from my rightful inheritance through unlawful means, including manipulation, fraud, and misappropriation of assets. I respectfully request the probate court and relevant authorities recognize my legal status as the biological son and rightful heir of Alexander Wasil and investigate these matters accordingly.

James Alexander Wasil
